

Petra Holm

As a Digital Transformation Adviser at the e-Estonia Briefing Centre, Petra is committed to sharing Estonia's pioneering digitalisation journey with the world. She strongly advocates for citizen-centric, digital government services, which she views as the foundation of sustainable growth. Petra is passionate about empowering other nations to leverage the potential of digitalisation.

Petra brings extensive experience and deep insight into Estonia's extraordinary evolution from a controlled bureaucratic state to a dynamic digital society. With a rich background that spans both the public and private sectors in Estonia and internationally, Petra has a unique perspective on the vital roles that collaboration and innovation play in advancing digital transformation.

e-Estonia Briefing Centre is a governmental body created in 2009 for the development and promotion of e-Estonia brand. Estonia is the world leader in digitalisation of government services.
